To : Global Customers & Friends
Subject : **Substantial SME additions at LSCP: Barry L. Harris (PMP), and Olivier Gendrin (MBA) as new SME – for immediate release**

Uerikon/Zurich, Switzerland, September 8, 2012

The **LSCP Life Sciences Consulting Partners** Management Team is pleased to announce the appointment of two senior Subject Matter Experts (SME) in the context of our extended Information Management transformation initiative to our global professional network for the Life Sciences industry and Regulators.

Mr. Barry Harris

Mr. Harris is a highly experienced Project Management Professional (PMP) specializing in delivering Information Technology solutions and consulting services to clients in a wide range of industries including life sciences, financial services, manufacturing, and aerospace. He has successfully worked with clients to understand their business needs and apply technology solutions to support their strategic vision and performance improvement objectives, with solid experience in our industry segment.

Barry brings proven skills of managing a wide range of complex projects, from small to large, in multicultural contexts to our customers. He is based in Maryland, USA.

Further,

Mr. Olivier Gendrin

has joined our global **LSCP** network also as an SME to lead content and process management projects in multinational environments Olivier is a seasoned management consultant with a longstanding experience, complementing our skills in Consumer Health and Medical Devices that can be described as follows:

Business manager, project director, senior consultant and department head, for end to end delivery of global computer based business processes enabling solutions in the Life Science industry and to transform new business ideas into a viable service or product, with a dual technology/ business focus and a view to expanding product portfolio and revenue stream. Olivier has experience in the Integration of business, organization and information technology. He also brings advanced knowledge of processes in Drug Development (R&D), Pharmacovigilance, Clinical Data Standards, Product Lifecycle Management, Quality Assurance, Record Management, Packaging and Human Resources and the ability to adapt to complex situations, model them and use a special flair to find optimal solutions.

“The LSCP Global Management Team is very pleased to have Barry and Olivier joining and becoming active members of our global group. As our customers start to move into large transformation programs and projects they will be important additional assets we can offer and which makes them excellent additions to the Team!”

A very hearty welcome to Barry and Olivier!
