Subject : **Beat Widler, Ph.D. joins LSCP – for immediate release**

Uerikon/Zurich, Switzerland, January 10, 2012 - Today the global **LSCP Life Sciences Consulting Partners** Management Team takes great pleasure in announcing that

Dr. Beat Widler

today formally joined our global **LSCP** network as an Associate Partner. Before joining, Beat's latest professional activities, driven by Quality by Design (QbD) were as follows:

- While Head of the global Clinical Quality function at Roche had direct management responsibility (budget, staffing, planning and project management, etc.) for a department of about 200 staff members.
- Built the department from a group of a few auditors into an integrated Quality Management department that supports the entire Pharma Division in all aspect of GCP quality management (QMS). Implemented innovative approaches to QM and ensured that Roche is seen as the leading company in matters of QM and Quality Risk Management.
- Founded and chaired the Quality Steering Committee of Roche Pharma that has overall QA responsibility across GLP, GMP, GCP and IT QA.
- From 2002 to 2006 gave leadership to the UK headquarters' Pharma Development organization of about 750 drug development professionals.

Dr. Widler is a member of the Board of DIA and member of the strategic committee of EMPRA, an EU Commission project.

Beat is a founding member of ACRES.

“The **LSCP Management Team is very pleased to see Beat joining and become an active member of our global group as another top resource. Not only his in-depth knowledge of QbD in Clinical and regulatory information management, but also his network of expertise in the context of our **eCTD Move: Structured Content Authoring (SCA) & relevant QbD Competence Center** initiative make him an excellent addition to the Team!”**

A very hearty welcome to Beat!
