

From : **LSCP** Global Management Team  
To : Global Customers & Friends  
Subject : **Substantial Competence Addition at LSCP: Mr. Jim Cook as new Associated Partner – for immediate release**

---

Uerikon/Zurich, Switzerland, October 22, 2018

The **LSCP Life Sciences Consulting Partners** Management Team is pleased to announce the adherence of a new Associated Partner in the context of our extended Enterprise Data Governance (**EDG**) Management and eHealth transformation initiative to our global professional network for the Life Sciences Industry and Regulators.

***Jim Cook, BSc. (Hons.)***

Re-thinking data capabilities to serve changing business/business model and regulatory needs: As LS companies and regulators around the globe have to deal with more and a multitude of data types and sources, it is time to leverage the wealth of data assets!

Before joining the global professional network **Life Sciences Consulting Partners (LSCP)** as an Associate Partner, Member of the Management Team and a member of the **Enterprise Data Governance (EDG) Competence Center**, Jim held various leadership positions:

Over the past 2 years, Jim has been focusing on healthcare, firstly running the program to deliver a world-class research platform for the 100,000 Genomes project and more recently working as CTO for an innovative company offering hospitals an alternative to pagers, think WhatsApp for the NHS.

While CTO at CDC Solutions and COO at VoiceVault, Jim developed the skills necessary to create innovative products in a rapidly growing software business. As founder and CEO at Volutio and Arkivum, Jim assembled the broader management experience necessary to inspire and lead diverse teams whilst carefully managing company strategy and growth.

Jim is also a member of the Institution of Engineering and Technology and a Fellow of the Royal Society for the Encouragement of Arts, Manufactures and Commerce (RSA). As a Parish Councillor and Trustee of Chippenham Borough Lands Charity Jim is very active in his local community, working to improve conditions for the vulnerable and to develop more sustainable communities.

Jim is based in the West of England.

***“The LSCP Global Management Team is very pleased to have Jim joining and becoming an active member of our global group. As our customers start to move into large transformation programs and projects, he will be an important additional conceptual, practice-based asset we can provide and which makes him an excellent addition to the Team!”***

***A very warm welcome to Jim!***
